IMPORTANT SAFETY INSTRUCTIONS:

This portable lamp has a polarized plug (one blade is wider than the other). As a safety feature to reduce the risk of electrical shock and fire, this plug will fit in a polarized outlet only one way. If the plug does not fit fully in the outlet, reverse the plug. If it still does not fit, contact a qualified electrician. Never use with an extension cord unless the plug can be fully inserted. Do not alter this safety feature.

This lamp is for indoor use only. The lamp should not be used near water. Never immerse the lamp in water or other liquids. Never cover the lamp with any object including cloth or paper as this is a fire hazard. Do not handle the bulb immediately after the light is turned off as it will be hot. This is not a toy. Keep these instructions for future reference.

ASSEMBLY INSTRUCTIONS:

1. Install bulb. Only use bulb of specified type and maximum rated wattage or less. ***It is highly recommended that you use a CFL or energy efficient bulb with this lamp.***

2. Plug the electrical supply cord into the wall outlet.
3. The ON/OFF switch is located on the head of the lamp.

4. Your lamp is ready to use.

Note: The USB port on base is not a standalone power source. Lamp must be plugged in for power to be provided to this port.

CLEANING & MAINTENANCE:

1. Unplug the fixture before cleaning.
2. Use a clean, dry, soft, lint-free cloth.
3. Do not use water or other chemical cleaning agents.
